

EMERGENCY RESPONSE SERVICE

When you need help in a hurry we deliver!

If you experience a business critical issue we will respond quickly. Problems happen, It's how you deal with them that separates Team Networks from other service providers. Technology isn't perfect, it will fail and it will become obsolete. Going in with that understanding your business needs a retainer based relationship with a service company that you can rely on when you need them most.

Why take a chance that you will be able to find a competent service company who can help you when your IT system is down? Our support services cover a broad spectrum of technical support and implementation capabilities. First response help desk, scheduled visits, and dispatched engineers for emergency response are all included in your NetManage service agreement.
